

# Installer Partnership Opportunity

**Are you a successful solar installer?  
Do you have customers who may  
be interested in commercial solar?  
If so, we want to hear from you.**

UK Greentech and PowerGreen are working together to offer a lucrative installer partnership opportunity. If you introduce us to a new commercial customer, who goes on to work with us to install solar on their buildings or land, we will award your business the installation contract OR pay a generous commission for every new client.

## Flexible funding solutions

PowerGreen is the Commercial & Industrial division of Renewable Connections, one of the UK's leading solar developers. We understand that every business is different, which is why we offer a tailored, end-to-end service, to ensure your clients solar journey is seamless. Our flexible approach ensures accessibility for businesses of all sizes and budgets, we offer three funding options, to suit all your client requirements.

- ⊕ **Power Purchase Agreements** - which cover all costs involve
- ⊕ **Asset finance** - via one of our trusted lending partners
- ⊕ **Self-payment** - for a quicker return on investment

## How the partnership works?

1. Installer contacts PowerGreen with potential new client lead
2. PowerGreen will carry out the initial suitability assessment
3. If passed the installer will introduce potential client to PowerGreen
4. PowerGreen submits proposal to potential client
5. If a contract is agreed, an introduction fee and/or commission can be agreed between PowerGreen and installer partner
