

PRESS RELEASE

Date of issue: 20th April 2026

Consultation opens for Conesby Data Centre Campus

A public consultation event is being held on the 12th May 2026 for local residents and businesses to learn more about a proposed data centre campus, off Normanby Road, Scunthorpe. Rivington Energy are developing the project known as 'Conesby Data Centre Campus'. If built, it will comprise state of the art data centres that will be partly energised by a purpose built, on-site, solar farm. The clean, green energy generated, will support a cost-effective and resilient energy supply to the data centres.

Rivington Energy will submit the planning application for Conesby Data Centre Campus, incorporating both the data centres and the solar element, to North Lincolnshire Council later this year. Ahead of submission, Rivington Energy is undertaking a consultation process to inform local communities of proposed plans and invite feedback.

The public consultation event is being held 3pm to 7.30pm on Tuesday 12th May 2026 at the Central Community Centre, 26 Lindum St, Scunthorpe, DN15 6QU. Comments and feedback on the project proposals can also be provided by telephone, email, post and via the website.

- Website: conesbydatacentre.co.uk
- Telephone: [0800 254 5011](tel:08002545011)
- Email: conesby@rivingtonenergy.co.uk
- Post: Conesby Data Centre, 20 Central Avenue, St Andrews Business Park, Norwich, NR7 0HR

A newsletter has also been sent to local residents and businesses in the vicinity of the proposed project.

The consultation period is open from week commencing 20th April 2026 through to the 31st May 2026, however comments are welcome and will be considered right up until the application is submitted.
